Greetings Foursquare Financial Solutions Customers:

While the United States and the world encounters an unprecedented challenge considering the COVID-19 pandemic, our thoughts turn towards our Foursquare community, churches, friends, and customers. Your health, safety, and well-being are our top priority.

Please rest assured that we are continuing to respond to this rapidly-changing environment and are staying abreast of market developments in consultation with our financial and investment experts. For those with funds invested in FFS Loan Fund certificates, please be assured our loan board is actively engaged and monitoring our entire portfolio and have placed steps in motion to quickly respond should there be a request for relief all while continuing to insure the safety and return for our investors. If your ministry has a loan with FFSLF and have questions, please feel free to contact us at the number below.

For those participants in the Foursquare Retirement Plan, while the economy and global markets may be experiencing a challenging season, it is important to keep long-term investment goals and plans in focus while maintaining appropriate diversification, and most importantly, to forego making significant investment decisions amidst volatile markets. Remember, investments, like the purchase of a home, only truly increase or decrease in value at the time you sell them, so unless there is an overwhelmingly compelling reason to sell an investment in a down market, we strongly suggest participants hold the course at least until the current storm subsides.

In these unprecedented days, we're reminded once again of where our true eternal hope lies:

“Peace I leave with you; my peace I give to you. Not as the world gives do I give to you. Let not your hearts be troubled, neither let them be afraid.” **John 14:27**

“The steadfast love of the Lord never ceases; his mercies never come to an end; they are new every morning; great is your faithfulness.” **Lamentations 3:22-23**
